

Airline Ambassadors with Turbo Global Partners announces A MUST WATCH GLOBAL TELEVISION EVENT

"FIND US..."

It is estimated that 100,000 children in the US are in danger of sexual slavery. Average age of entry into the sex trade is 14 years old.

Help us raise funds for thousands of beds needed NOW for facilities across the U.S. to house, heal, nurture and protect these children.

Hundreds of thousands of children each year literally vanish into thin air through airports and other transportation hubs. We are airline pilots, flight attendants, airport workers and concerned citizens committed to putting an end to modern day slavery.

Human & Child Trafficking is the #2 crime on Earth, right after drug trafficking.

Please join us, Hollywood celebrities, members of Congress, hospitality and airline employees, athletes and the traveling public as we inspire the world to put an end to this horrible crime and find our children!

Saturday January 28, 2017

Donna Hubbard

I'm a proud American Airlines flight attendant and a survivor of human trafficking. I will share how I was trafficked for 7 years at our 50th airport training in Houston before Superbowl.

Chris Hansen and Nancy Rivard

Chris Hansen of "To Catch a Predator" and Nancy Rivard, former AA flight attendant and President and Founder of Airline Ambassadors International share their powerful roles in this crime fighting initiative. Together we can eliminate this crime against humanity. Human & child trafficking is happening in "plane" sight. Watch the Global Television Event – learn what you can do and how you can help! Don't miss it January 28, 2017
